ACHIEVEMENTS

- Winner — Intramural Basketball Tournament

LEADERSHIP & EXTRA CURRICULAR ACTIVITIES

- Event Coordinator, Aura Club — CSE Department
- Coordinated and managed non-technical events and student activities.

EXPERIENCE

- Intern – National Institute of Technology,Tiruchirappalli

  Networking Domain
  June 2, 2025 – June 26, 2025

- Worked on IPv6 protocol, covering fundamentals, network planning, and fragmentation analysis using NS3 and Wireshark

- Intern -Cybertronium
  Cybersecurity
  Mar 3,2026 – Mar 31, 2026

- Conducted OSINT investigations, vulnerability assessments, and penetration testing on web and mobile applications to identify security flaws.

EDUCATION

Bachelor of Computer Science and Engineering (2023-2027)
Panimalar Engineering College

- CGPA:8.36/10

CERTIFICATIONS

- Cybertron:Certified Penetration Tester
- Nasscom:Acquiring Data
- Nptel:Joy of Computing in Python,Introduction to Machine Learning
- Udemy:Full-Stack Web Development
- Oracle:Cloud Infrastructure 2024 Gen-AI
- Infosys: Front-End Web Development

PROJECTS

Enhancement of PSR of Lunar Craters:

- Developed a deep learning model using Python and OpenCV to enhance low-light lunar images from Chandrayaan-2's OHRC, improving visibility in Permanently Shadowed Regions.

- Applied AI-based illumination correction, noise reduction, and multi-frame fusion techniques to improve image clarity and feature detection.

Smart Employment Assistance for BPL Citizens:

- Designed a system to help below poverty-line individuals access job opportunities efficiently using technology-driven assistance.

SKILLS

- Programming Languages: Java, Python,
- Web Technologies: HTML5, CSS3, JS
- Tools & Platforms: Git, GitHub
- MySQL
- Cybersecurity Fundamentals
- NS3,Wireshark
- Microsoft Excel
